PROFESSIONAL EXPERIENCE

Frontend Developer & AI Innovator — Self-Employed / Freelance

2025 – Present

- Architected and developed high-performance web tools using JavaScript, React.js, and Bootstrap 5.
- Researched and integrated AI-driven UI components to enhance user interactivity and engagement.
- Self-taught and trained AI models independently, applying that knowledge to AI-assisted development workflows.
- Led affiliate marketing campaigns with a strategic focus on SEO and conversion rate optimization.

Digital Marketing & Email Specialist — Interactive Media

2023 – 2024

- Managed end-to-end email automation lifecycles supporting major product launches.
- Served as lead translator for marketing collateral, ensuring cross-cultural brand consistency.
- Collaborated with design teams on UI refactoring initiatives, reducing bounce rates by 20%.

EDUCATION

ACCP AI (Software Engineering) — Aptech Computer Education

In Progress

- Active, top-performing student focusing on full-stack development, jQuery, and AI tools; leads peer-to-peer coding sessions.

Associate Degree in Arts (ADA) — University of Karachi

Graduated

- Balanced academic research with professional technical certifications, demonstrating strong time management and responsibility.

Intermediate & Matriculation — Women Degree College / Government Girls Pilot School

Completed

- Built a foundation in computer science; active in student leadership and academic competitions.

CERTIFICATIONS

- English Advanced — Domino Institute
- Affiliate Marketing — Professional Training Center
- Freelancing — Digital Growth Hub
